

**LONG LAKE HOUNDS**  
**Sponsorship of New Members - 2017**

As a sponsor, I agree that I am responsible for this new member during the member's first season. I undertake the responsibility of seeing that the new member is fully indoctrinated and properly introduced into the Hunt. At least one sponsor will ride with the new member during the first five (5) times in the field and more if needed.

**Responsibilities of Sponsors and Co-Sponsors**

The continued excellence of the LLH depends, in large part, on the introduction of new members. The sponsor is responsible for the new member's training in safety and etiquette. Responsibilities include:

- Assess the candidate's riding, and feel confident that they are capable of hunting.
- Make certain that the candidate has received and read the LLH Member's Guide.
- Attend with, or ensure that the applicant attends an educational clinic prior to hunting.
- Accompany the candidate on their first five, or more, hunts as needed.
- Introduce the candidate to the Masters, Board members, and other Hunt members.
- Discuss and answer questions regarding Hunt events and requirements.

*Remember*, "Once a sponsor – always a sponsor." A new member cannot be expected to understand all the intricacies of the Hunt during their first year of membership.
