The purpose of the Hunter's Pace is to have a competitive event approximating the condition of the hunt field and to test the rider's judgment of "hunting pace" over fair hunt country. The course will be well marked. The course length will depend on ground and weather conditions. You will ride across beautiful rolling fields and wooded paths. The "ideal" time, set by the Joint Masters, is the goal. Riders will leave the start gate at 3 minute intervals. Fences are 3' or smaller – 10 or more fences. All are optional.
