### ABOUT LLH:

The Long Lake Hounds, founded in 1959, is Minnesota's only hunt. The Long Lake Hounds is a "drag" hunt meaning it doesn't hunt or involve live foxes. A fox scent is dragged ahead of our pack of foxhounds to simulate the path a pursued fox might take through the woods and over fields. The hounds, at the direction of the Huntsman, find and follow the scent, leading members and guests on a great ride over private trails and fields. Fox hunting is a group sport where we observe the hounds from horseback and not only get to see these amazing hounds use their noses but enjoy riding through beautiful fields and woods.
